Dear "Bobbie"

It really has been fun knowing you all "three" years. We sure have had some good times together and have had a lot of laughs together.

How could we forget those basketball games! I hope our friendship will continue through many more years to come.

I want to wish you the best of everything that the future has to offer. Best wishes to a deserving girl.

From a good friend
Joyce Allen

Dear Bobbie,

Our high school days are nearly over. It's a way it's sad but mostly — it's happy.

We've known each other for such a long time. I'm sure our friendship will continue forever.

Remember our summer at the beach?

May all of your dreams for the future come true!

Lots of Love
Becky Lisle

P. S.
You're precious.

Barbara,

you are a very sweet and sincere girl. You're not like all these other brains around school that are stuck-up. You're about the friendliest girl I have ever met. I hope you will get out of life all that you want and more, for you deserve it. More, like, 5 kids and a cranky mother-in-law.

We've had loads of fun in shorthand this year and I have enjoyed it a lot. You have a keen sense of humor that fits your personality just right. Loads of luck, that is if you need it. God ~~bless~~ bless you always.

A friend until the Statue of Liberty sits down!

Joan Higgins

Barbara

Even though I have not known you but one year it has been a ball. Coming to school store and giving you a hard time has been wonderful. You are a girl with a wonderful personality and sence of Humor I hope to see you some time when you get out of this prison. The best of luck always

May God bless you Jim

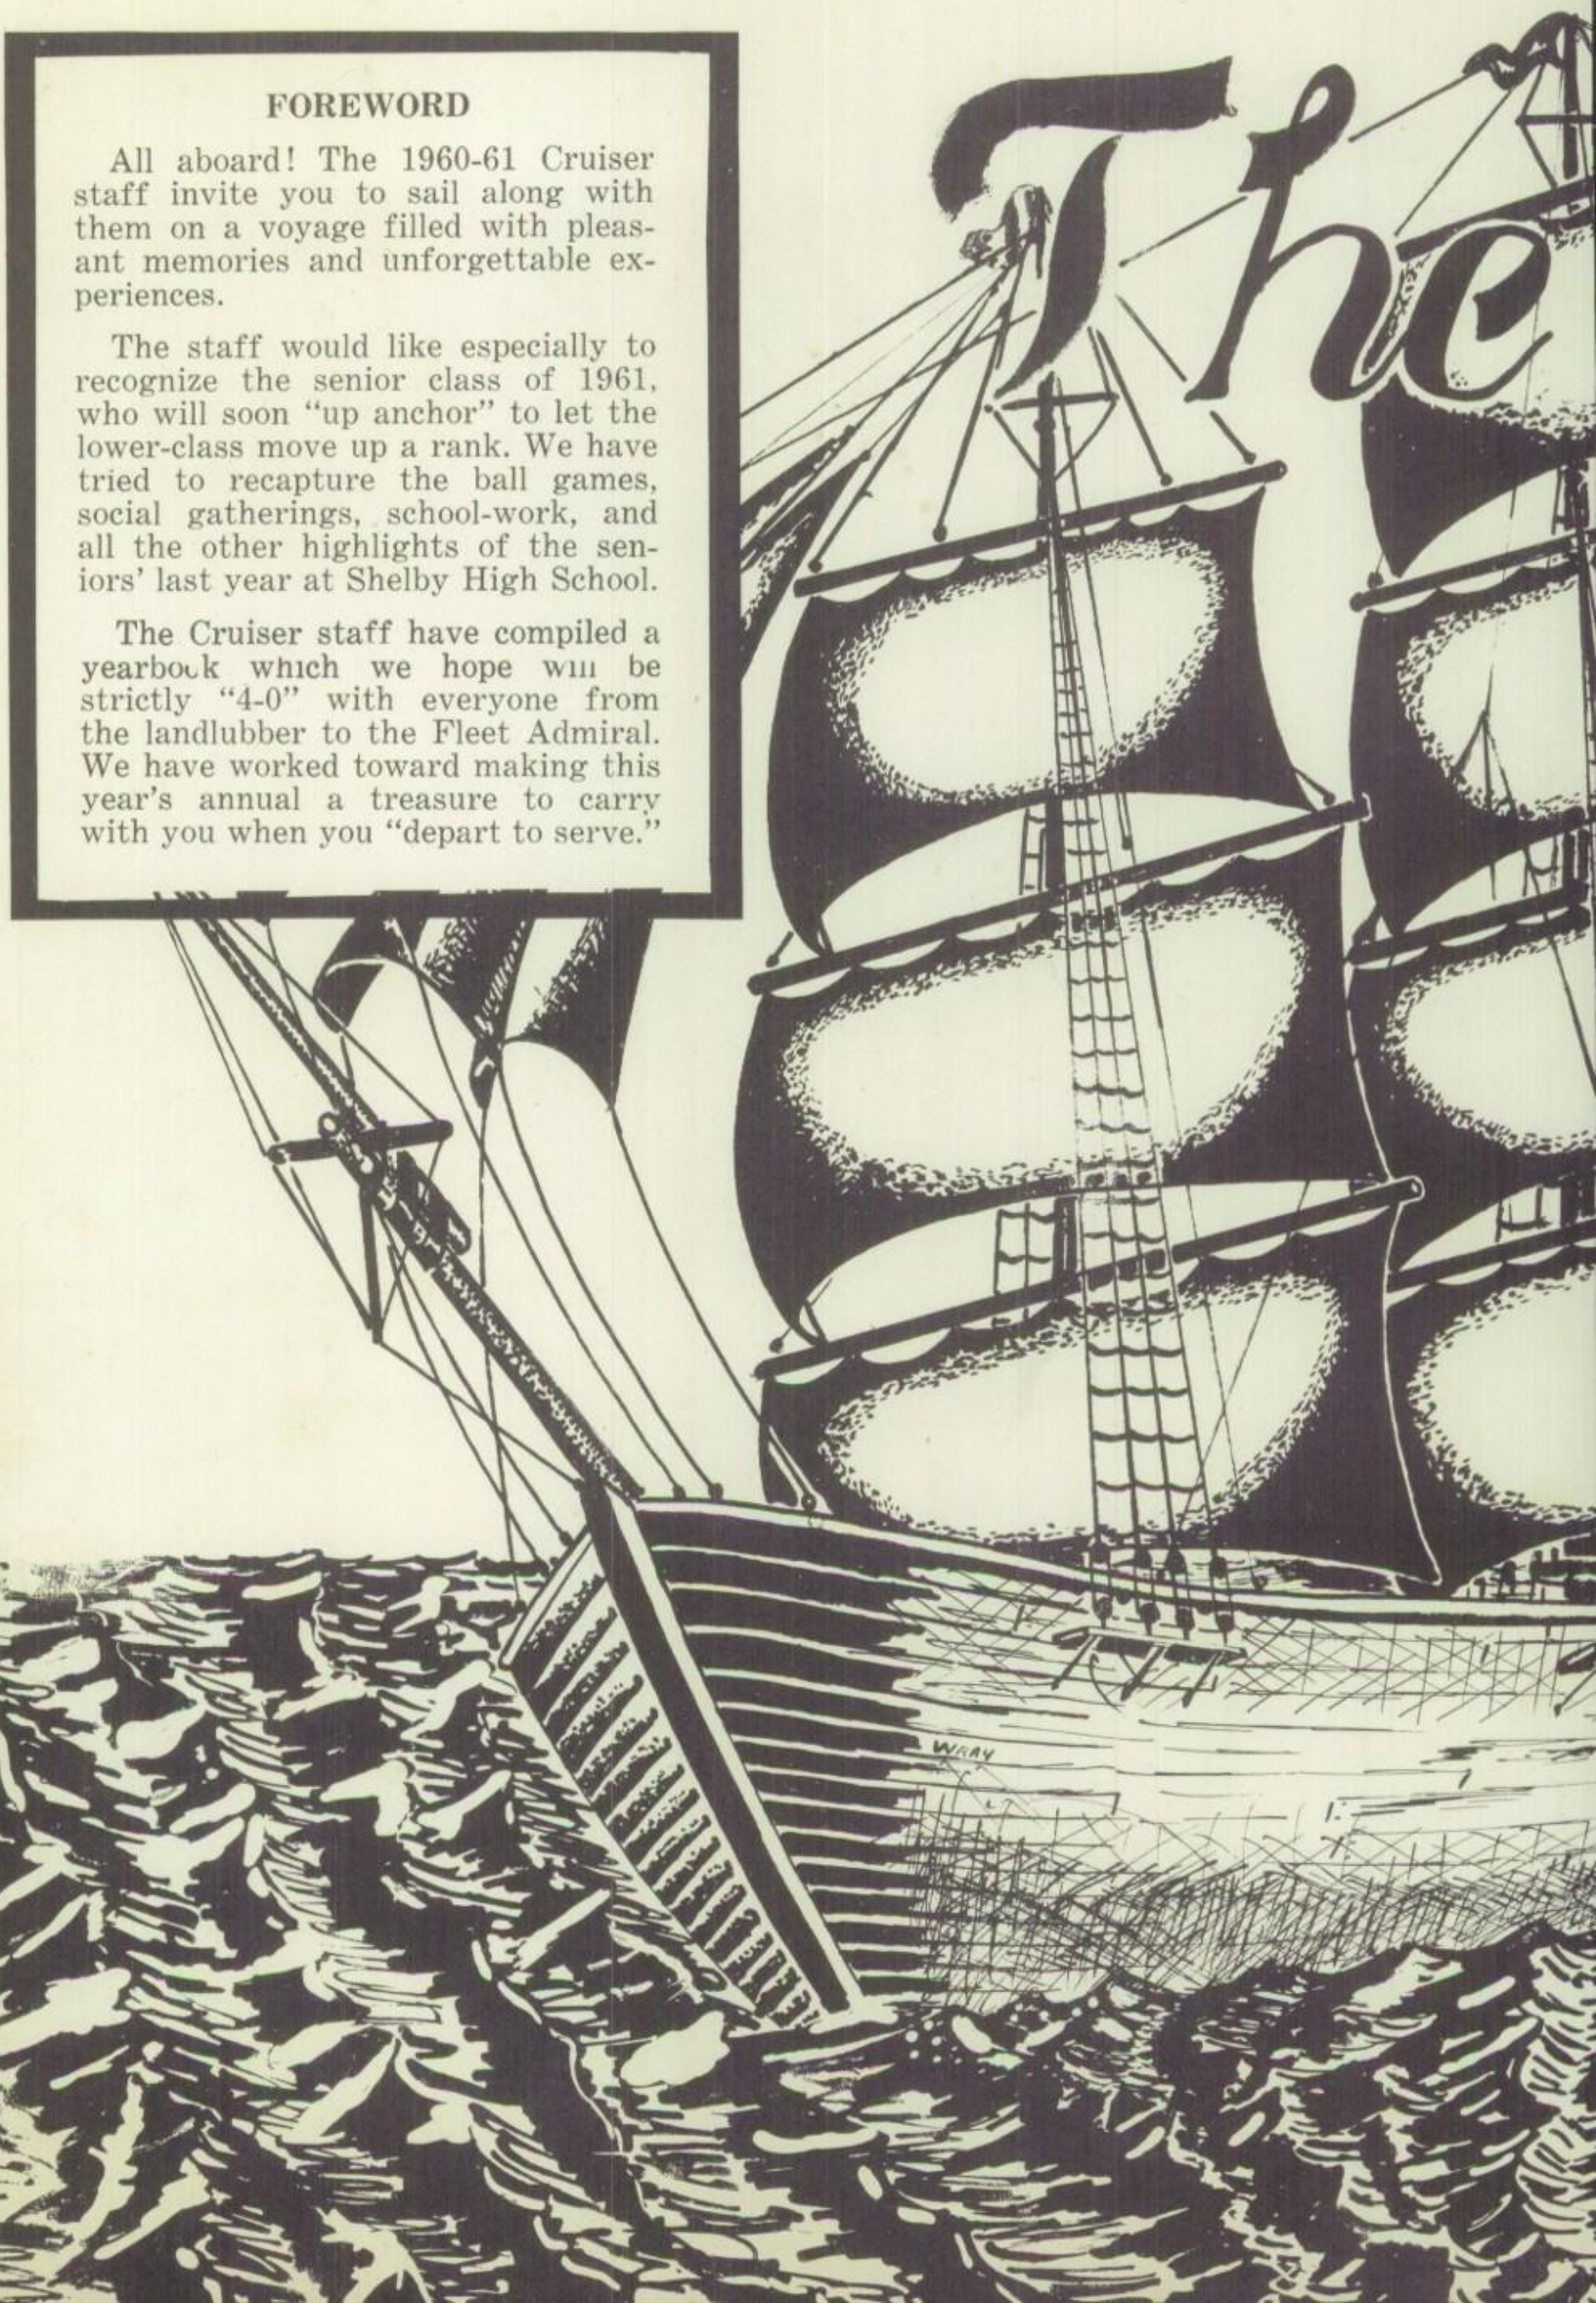
FOREWORD

All aboard! The 1960-61 Cruiser staff invite you to sail along with them on a voyage filled with pleasant memories and unforgettable experiences.

The staff would like especially to recognize the senior class of 1961, who will soon "up anchor" to let the lower-class move up a rank. We have tried to recapture the ball games, social gatherings, school-work, and all the other highlights of the seniors' last year at Shelby High School.

The Cruiser staff have compiled a yearbook which we hope will be strictly "4-0" with everyone from the landlubber to the Fleet Admiral. We have worked toward making this year's annual a treasure to carry with you when you "depart to serve."



Cruiser

Bobbie,
It has been a pleasure knowing you these past 4 years. Best of luck.

English

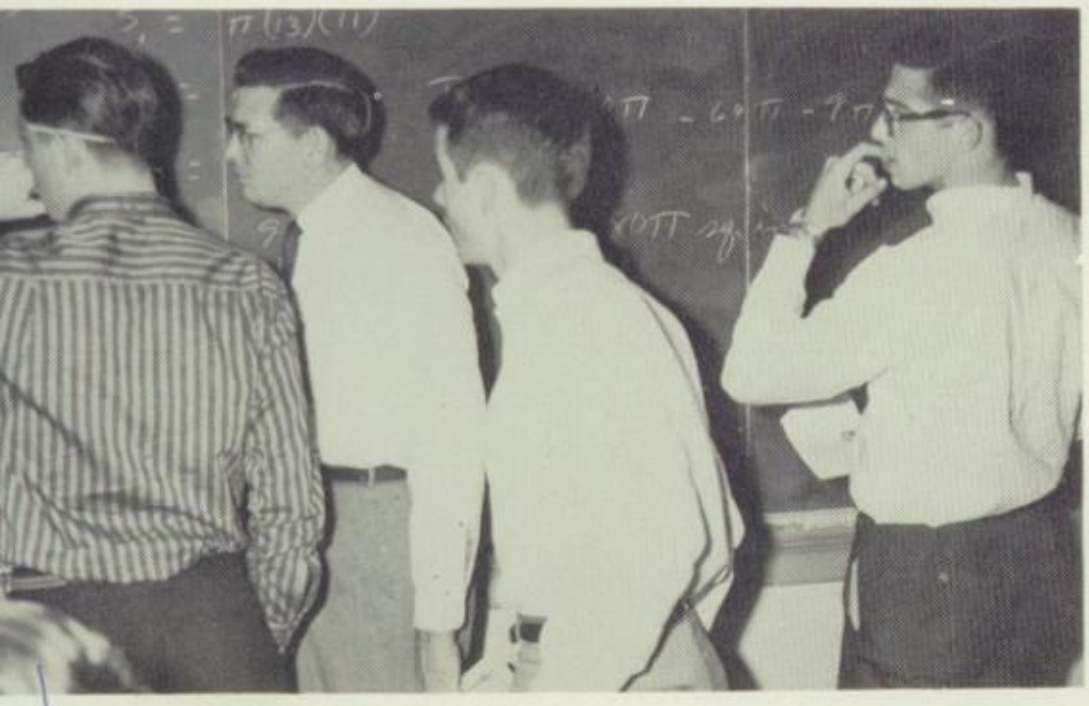
Oral book reports are one of the ways in which Shelby High School's English department encourages self-expression and originality in students. In all four years of English, every student is required to read his quota of books on such subjects as drama, biography, travel, and history.

The Shelby High student experiences two different phases of language arts during each year of English. The first phase is building a basic background of the mechanics of English, and the second is studying literature which has had a marked influence on American or English life.

A class in journalism and time devoted to compositions are the department's offerings in the field of writing.

Mr. Parker reveals the many facets of Plane Geometry.

Mr. Jolley prepares students for test.



Big Ed at work.

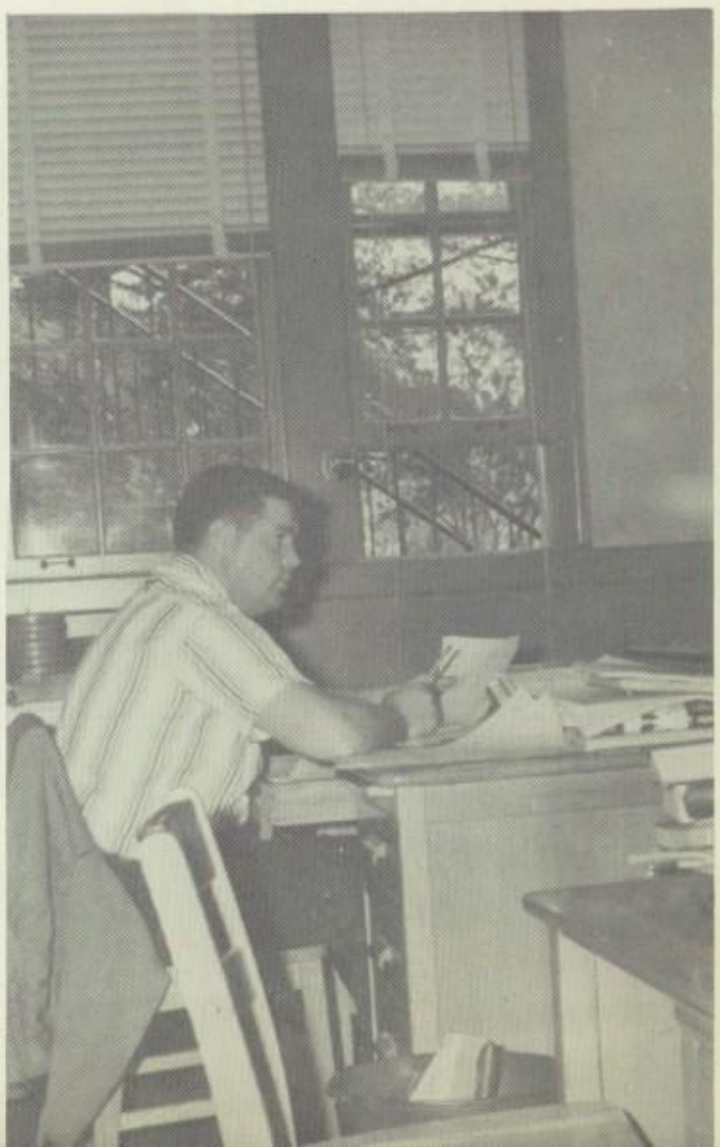
Mathematics

Whether a student is planning to become a housewife or a nuclear physicist, he will need a solid background in mathematics.

The mathematics department at Shelby High School realizes this and has set its goals accordingly. The department strives toward helping each student to understand basic mathematic principles needed in everyday life and giving the college preparatory students the necessary foundation for entrance into any phase of math.

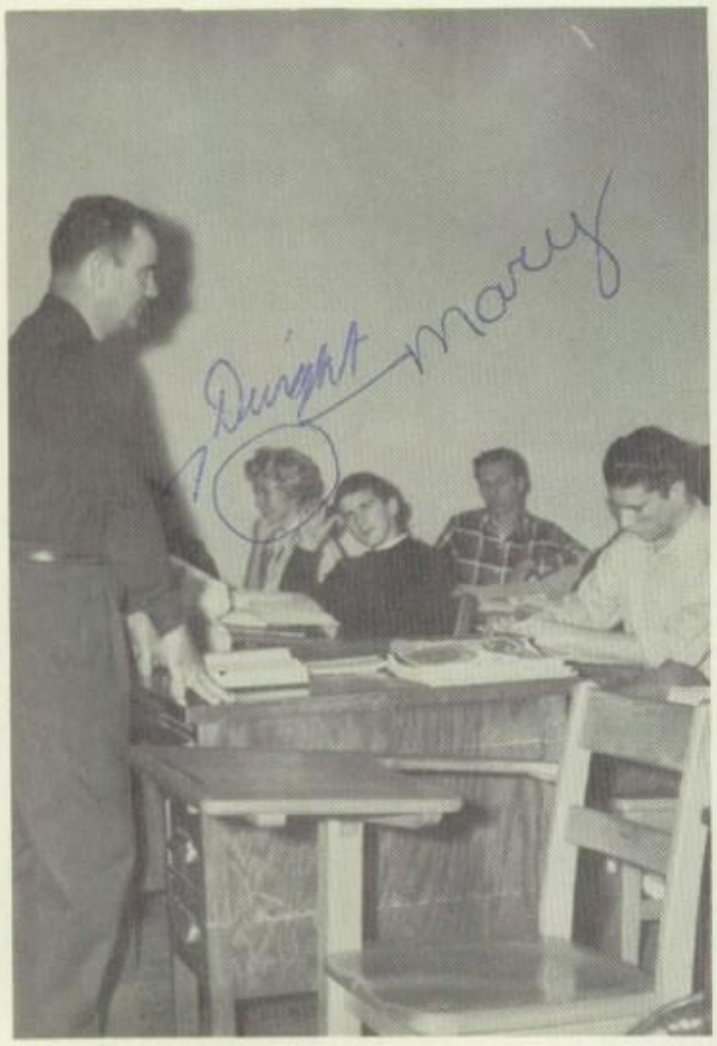
At Shelby High School trigonometry, solid and plane geometry, mathematics, preliminary and college algebra, and non-credit slide rule are offered to give each student the chance to broaden his mathematical knowledge.

Mr. Allen teaches fundamental math.

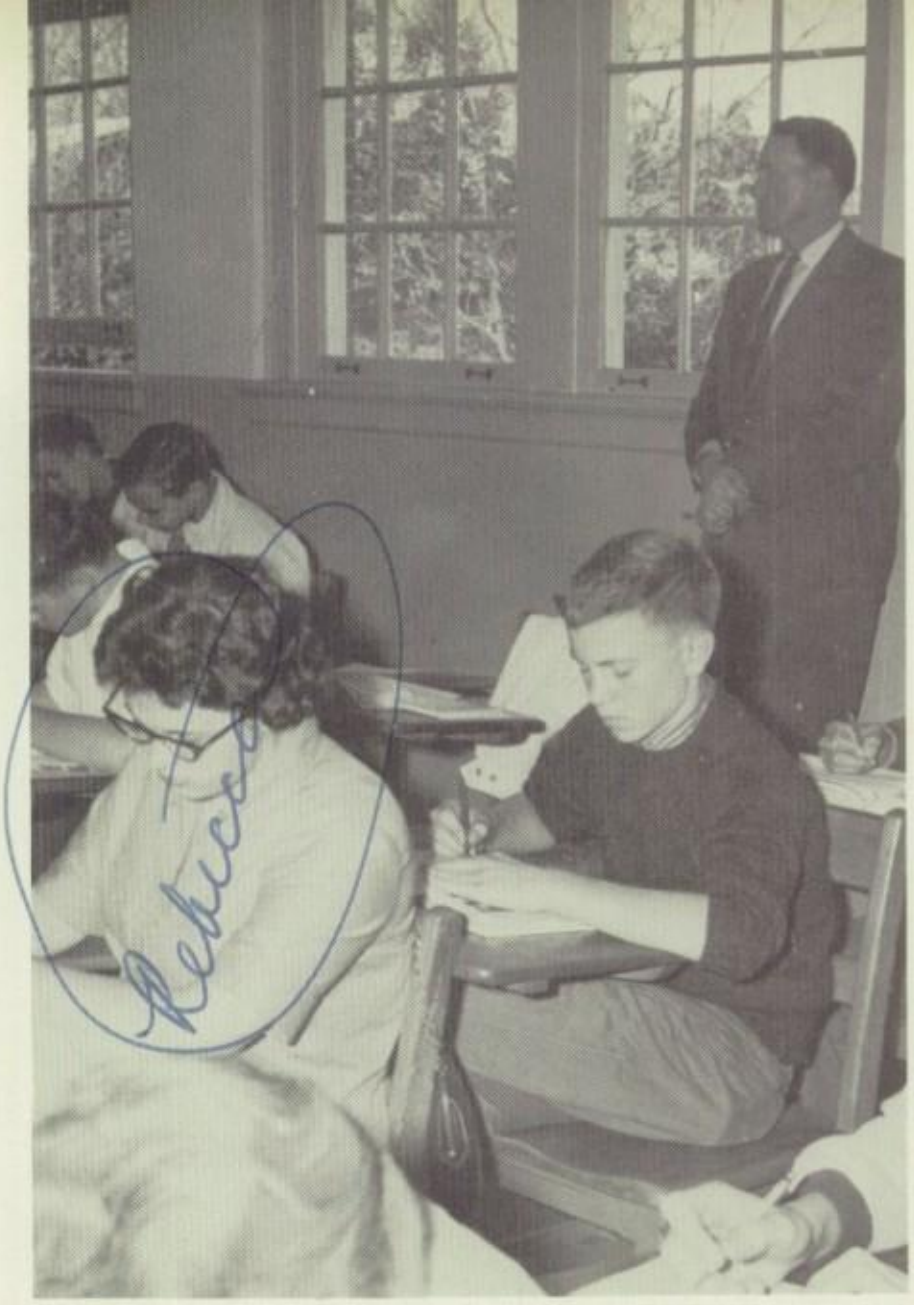


Social Studies

Now when was the Great Wall of China built?



Now about that jeep . . .



Today's students are tomorrow's citizens.

Good morning, class.

From the days of the Neanderthal to the current events of our time, the history courses at Shelby High present a variety of historical study for interested students.

Elective courses are civics, world history, and senior studies. The classroom procedure of these subjects include group discussions and extra-credit projects as well as the usual book study.

Shelby High also has a class of televised United States History, a course required for graduation.

Foreign Language

Shelby High students with a taste for sunny Spain, gay Paree, or ancient Rome are welcomed by the foreign language department. The department offers two years of French, Spanish, or Latin, and provides outside activities to stimulate the students' interest.

Each language teacher tries to give her students a basic background in the fundamentals of the language during the first year of study, and then broadens her course during the second year to include the literature of the foreign country.

In this age so influenced by advanced science, language is playing an important part in bridging the gap among the nations of the world.

Science

Missiles, bombs, and rockets are only parts of the swiftly moving scientific age which is catching the interest of many young Americans.

To encourage and strengthen this interest among students at Shelby High, the science department offers chemistry, physics, and senior science. Through these subjects each student has the opportunity to explore his qualifications in the field of advanced science.

However, the study of science is more than just a shower of nuclear activity. Courses such as biology and general science enable the student to form a knowledge of animal and plant life which he will carry with him always.

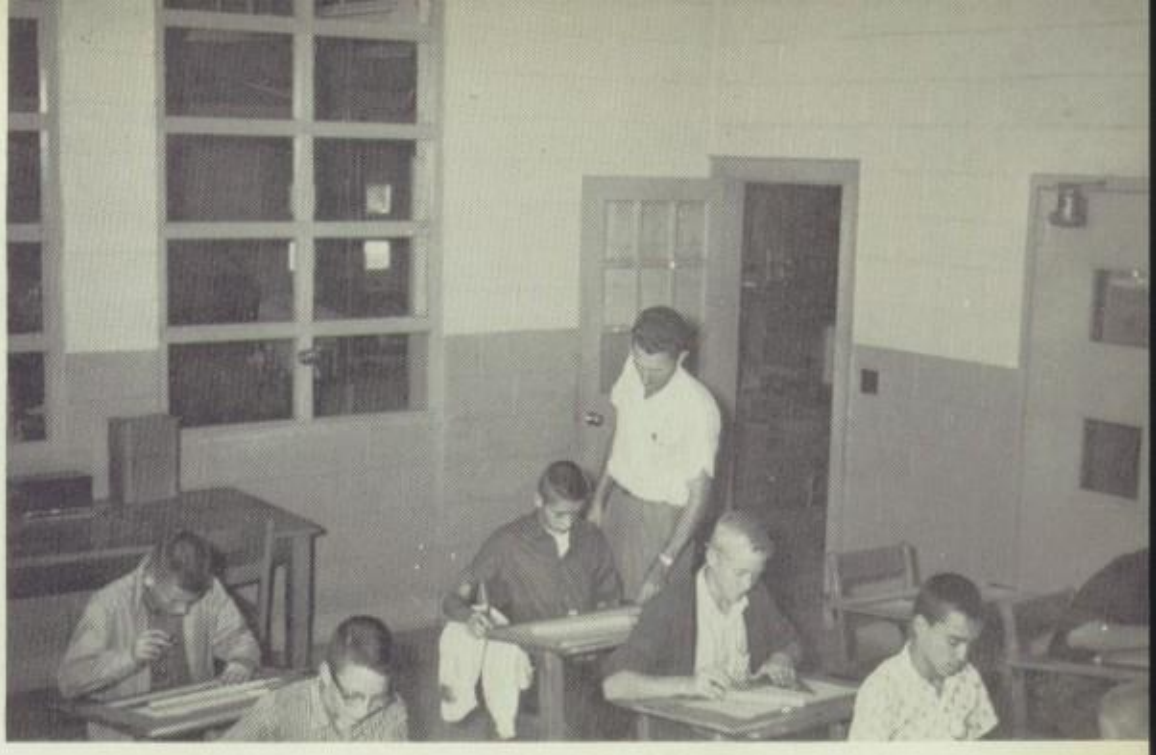
Girls make Christmas projects in Home Economics.

Vocational

One of the most necessary parts of a girl's life is learning to become an efficient homemaker. Shelby High's home economics teachers strive to teach their students the importance of knowing how to build a good family life.

Besides studies in the old standards, cooking and sewing, courses are also offered in child development, household management, housing, and numerous other phases of domestic life.

On the other hand, a course which proves helpful in drawing, woodwork, and care of tools is industrial arts.



Honest boys . . . You'll thank me for this.

Sew What?

Success is the reward of neatness.

Physical Education

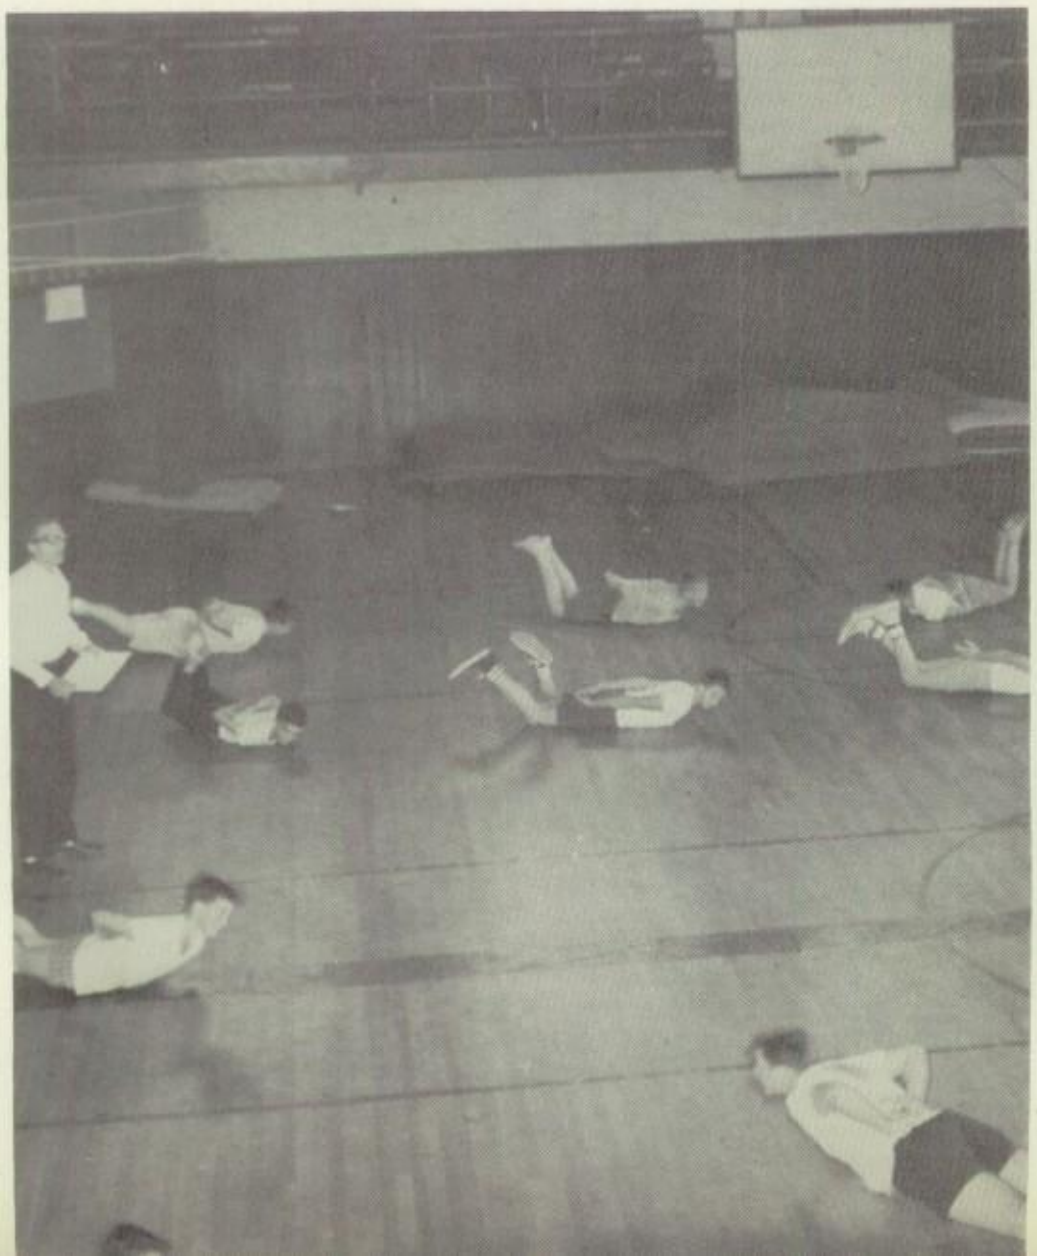
The most painful high school day for the freshman boy and girl is that day after their first try at physical education gymnastics. Upper-classmen smile knowingly as they listen to the freshmen groan and complain.

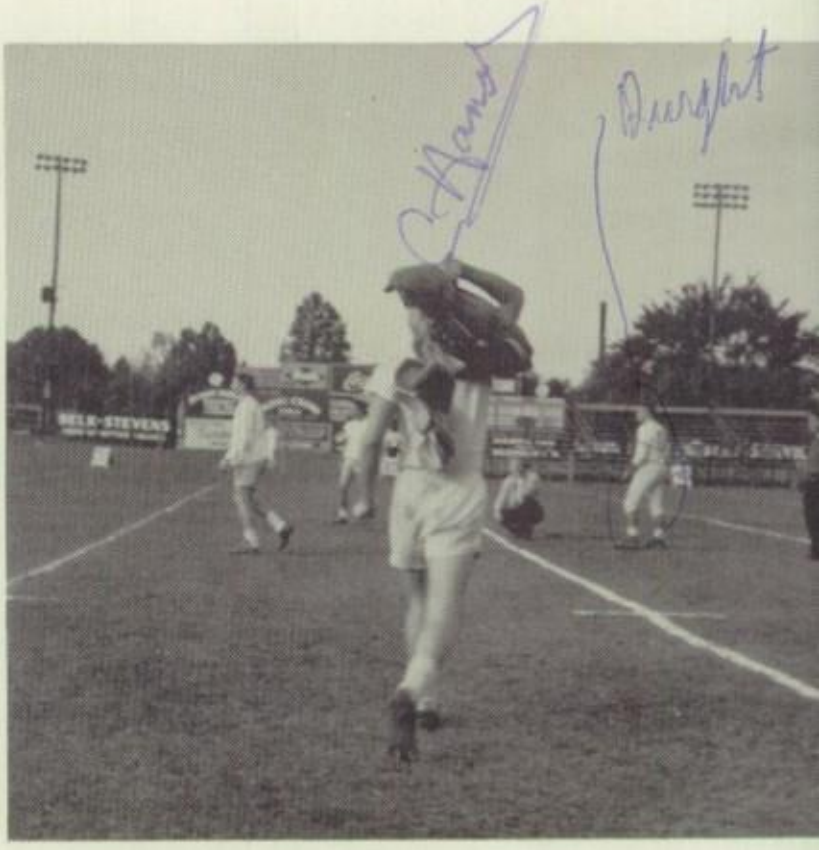
Muscle-building and weight-losing are only half of the work covered by a year of physical education. Studies in body make-up, disease prevention, and social psychology combine with the gym "work-outs" to make this class a well-rounded course.

Quit hogging the ball!

Alright! Keep those legs up!

Oh that cold gym floor!!





What a mighty Physique!

Commercial

For those students whose interests lean toward the business world, Shelby High offers a complete commercial line of study. Typing, shorthand, bookkeeping, and general business provide a solid preparation for a commercial career.

Increased enrollment in these courses has made necessary a broadening of the commercial staff and equipment. One additional teacher, two new electric computers, and 14 typewriters are this year's supplements.

Clerical Department

SCHOOL STORE MANAGERS

This year a new twist appeared in school store managing as two members of the weaker sex volunteered to employ their business acumen in running Shelby High's school store. These girls as well as the library and office assistants, give unselfishly of their time so that the faculty's load might be a little lighter.

P.T.A.

Once each month parents and teachers meet for the purpose of promoting better relations between the two groups.

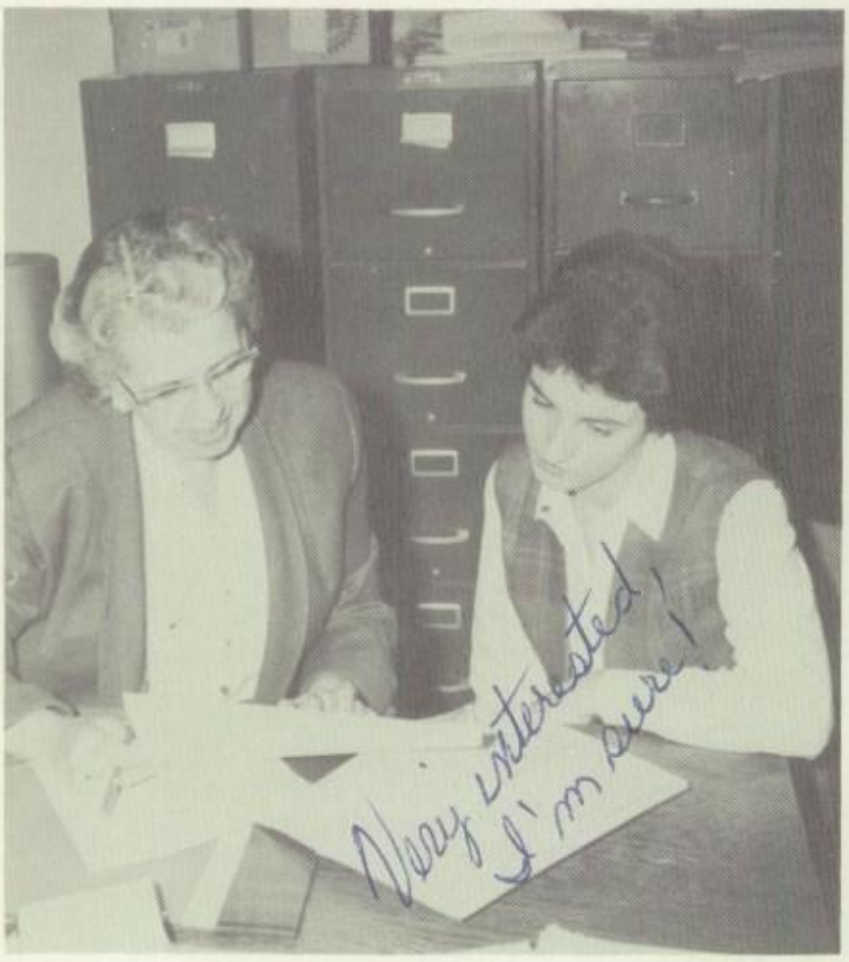
At these meetings parents and teachers discuss any problems which might arise and suggest solutions. P.T.A. meetings also provide the opportunity for parents to become aware of their children's capabilities and limitations.

Mr. Caudill takes the floor.

Meetings give parents a chance to talk with the teachers.

The parents pay dues and sign up.

The Guidance office proves resourceful for Juniors and Seniors.



Books may be checked out for outside reading.

Guidance and Library

Mrs. DePriest, Shelby High guidance counselor, is "always at home" to students in need of her advice.

The guidance department administers Scholastic Aptitude tests, fills out college transcripts, and answers any questions students might have concerning college or career.

In addition to these studies, the department also is in charge of Shelby High's annual College Day.

LIBRARY ASSISTANTS

Dedication

Every high school student needs understanding and guidance to lead him on to intelligent maturity. Mr. Paul Jolley, because you possess these two enviable qualities, you have endeared yourself to Shelby High students. Your smilingly patient manner and active interest in the school help keep Shelby High sailing along smoothly. In acknowledgement of your willingness to go beyond the "call of duty," the Cruiser staff of 1961 dedicates this yearbook to you.

You have been a very good store manager. I hope you will find a great deal of happiness in life.
Paul Jolley

The socialites catch up on all the latest campus gossip.

Aloha! And all that crap.

And if the tree should break . . .

"Whadda ya crazy er sumpin?"

"How dry I am."

Hey! Back up! We lost Frieda at the Pool Hall.

Richard! You look flushed tonight.

That - - - - referee.

Showoff!!!!

Honor Society

OLD MEMBERS

Character, leadership, service, and scholarship are the four requisites for membership in the National Honor Society. A prescribed percent of the junior and senior classes are inducted into the society each fall and spring.

The club has regular meetings at which the members plan projects to finance the annual Honor Society scholarship.

The Honor Society was established to en courage good citizenship in high school students.

Cruiser Staff

The pressure and amount of time — consuming work involved in getting out an annual is no pleasure cruise for any yearbook staff. However, membership on the Cruiser does offer compensations for all the effort put forth — one becomes acquainted with many new people while soliciting ads and learns to assume responsibility, to meet deadlines, and to welcome constructive criticism.

The first requirement for membership on the Shelby High Cruiser Staff is that a student be a rising senior. He must then be approved by the yearbook sponsor and voted on by his class.

The Cruiser Staff joins the Outlook members in attending the N. C. Scholastic Press Institute each year.

Six times a year students at Shelby High School are "on the lookout" for the **Outlook**, our school newspaper.

The **Outlook** is written and edited by the staff, who receive one-half a unit of credit for their journalistic efforts.

This fall the newspaper staff attended the North Carolina Press Institute at which Dick Hamrick, sports writer for the **Outlook**, was elected president for 1960-61.

The editorial staff and their hard-working "crew" have succeeded in making this year's **Outlook** an integral part of SHS life.

Heads of staff rush to meet deadline.

Beta Club

One of the most coveted goals strived for by a high school student is membership in the Beta Club.

Qualifications for admission into this organization are worthy character, good mentality; creditable achievement; commendable attitude; and, at Shelby High, a scholastic standing of 95 or above at the end of the first semester of the Sophomore year.

"Stick with Susan" was the slogan repeated many times by those attending the State Beta Club Convention in the spring of 1960. The girl behind tnis slogan is Susan Harry, who was elected secretary of the North Carolina Beta Club for 1960.

Beta big wheels.

One of the "youngest" clubs at Shelby High School is the Quill and Scroll. This outstanding organization is an international honorary society for high school journalists.

To attain membership in the Quill and Scroll one must have served at least two years on a high school publication staff; he must stand in the upper third of his class and meet the approval of the publication sponsor.

This year sixteen new members were inducted into the Quill and Scroll. These students, along with three members chosen last year, compose one of Shelby High's four honorary societies.

J.C.L.

Students at Shelby High School who have maintained a 90 average in Latin for two years are eligible for membership in the "J. C. L."

This advanced organization for Latin students is a nation-wide club designed to encourage the study of Greek and Latin classics.

Each April the Junior Classical League with the assistance of the Latin Club, turns the clock back to the Rome era for one night as they don togas and choose slaves at the Latin Banquet.

J. C. L. members attend the N. C. Junior Classical League Convention held in Chapel Hill each year.

Friends, Romans, Countrymen . . . .

Each student who has an average of 90 or above upon completing his first year of Latin is eligible for membership in the Latin Club. After serving as "slaves" in the banquet presented by the Junior Classical League each spring, these students are declared official members of the club and "patricians" in the Roman society. This banquet and Latin week are the club highlights of the year.

The Latin Club not only encourages scholarship but also builds a broader background for the study of the romance languages.

French Club

Can Can, Eiffel Tower, Gay Paree!!

"Avancons" is certainly an apt motto for Shelby High's French club for, translated, this means "let us advance." In only its second year Les Savants (The Scholars) have indeed advanced — both in membership and purpose.

The members of the club, who must maintain a 90 average, are striving to improve the caliber of their programs in order to reach a fuller understanding of the French way of life.

One of the gay spots of the French club activities was its 196 initiation for which the new members were asked to wear berets, dark glasses, and ribbons bearing the club name.

The first requisite for membership in "Los Amigos," the Spanish Club, is a 95 average. A profound interest in Spanish and a willingness to spread this enthusiasm are other requirements

Through programs and discussions the members of the Spanish Club learn the interests and habits of the Spanish-speaking countries and are encouraged to seek a better relationship with these peoples.

All hands were "on deck" when the Spanish Club held a car wash to send a deserving member on the annual senior trip. This and similar projects form an important part of the club activities.

Ha sido simpático teniéndola en mi clase este año. Espero que Ud. tenga mucha suerte y mucho éxito en los años que vienen. Kathleen Thompson

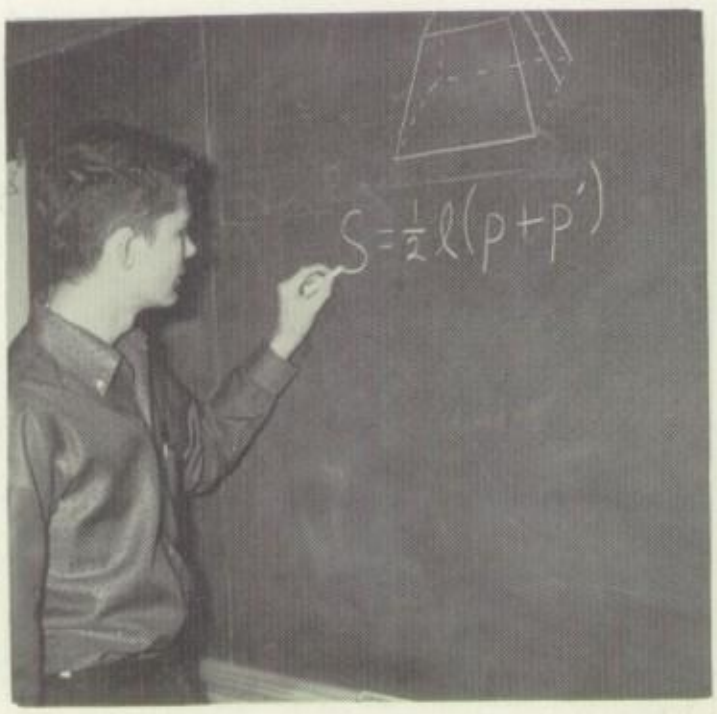
Math Club



The Shelby High School Math Club is what might be called a "calculating" organization for mathematically-minded students.

At the club's after-school meetings, programs are given by the members in connection with some phase of math.

Last spring the Math Club presented an assembly program entitled "The Trial of Raoul Polley, Math Teacher.", in which the participants showed that a mathematics teacher should be praised, not put on trial, for his efforts to promote knowledge in this phase of education.

"These are the times that try mens' souls."

5-4-3-2-1-0 Boom!!

The present and future chemistry student will have to "man an oar" and apply himself to attain the average now required for Chemistry Club membership. The increasing enrollment has made necessary the raising of the average needed for admittance into the club from 90 to 95.

The main goals of the Chemistry Club are to stimulate the student's interest in science and to increase his knowledge of certain everyday scientific phenomena not discussed in the chemistry class This is achieved through both illustrative programs and trips to scientific establishments.

Debating Society

The newest organization to "hit the decks" of Shelby High is the Debating Society. This club was organized at the beginning of the 1960 school year as a combination of last year's debating team and Forensic Club.

The Debating Society is a proving grounds for aspiring lawyers, politicians, and lecturers as the main purpose of the club is to enlighten students along the lines of public speaking and debating.

From the debating Society will come the four members of Shelby High's varsity debating team who will again participate in the North Carolina Triangular Debate Union.

The Key Club is a unique organization at S.H.S. for instead of being sponsored by the school, it is "parented" by the Shelby Kiwanis Club.

Key club members, who elect the new members themselves, stage many projects throughout the year to carry out their objective—service to the school and community.

The Key Club, organized by the Kiwanis to build leadership and to train the future leaders of America, is an international service club which has continued to hold a place of honor among respected high school organizations throughout the country.

Future teachers? ? ?

F.T.A.

The Selma Webb Chapter of the Future Teachers of America is one of the largest organizations at Shelby High Scnool. This club is composed of boys and girls who would like to center their careers around the teaching profession.

FTA meetings are held each six weeks and are concerned with helping the members determine the extent of their interest in teaching and the special field in which they would best be suited.

Each November the FTA sponsors the American Education Week program.

Future Homemakers.

The Future Homemakers of America is a national organization of students studying homemaking in high schools all over the United States. Membership is entirely voluntary and officers are elected at the end of each school year.

The Shelby Chapter has always been very active in the local, state, and national program of work. We have had two National Officers, Nancy Rosenthal and Catherine Blanton. During the past summer along with Catherine, Judy Dale attended the National Convention in Washington, D. C.

This worth-while organization offers opportunities for the further development of plannnig and carrying out activities related to homemaking.

Commercial Club

Students of good character, taking two or more commercial subjects and maintaining at least a "B" average in all commercial subjects are eligible for membership in the commercial club.

New members are selected and voted into the club in the fall and after first semester.

The main objective of this club is to increase the knowledge and interest of students in different commercial fields, to stimulate interest in business activities in the community, and to provide a wholesome social life among members.

Oops! Another error.

The Shelby High School Chorus consists of students from all grade levels who enjoy participating in choral work and belonging to an active, worthwhile organization.

The goal of the chorus is to provide for its participants a deeper understanding of music as well as a sincere enjoyment in performing for their community.

This organization, which carries a half-unit of credit, rehearses five times a week with additional rehearsals before such events as the District Choral-Ensemble Contest and the State Choral Festival.

Industrial Arts Club

Boys at Shelby High interested in manual arts have the opportunity to further this interest by participating in the meetings of the Industrial Arts Club.

The club meets every six weeks in the industrial arts workshop at Shelby High. The club is under the direction of Mr. Charles Arrant.

Those grand old meetings.

The Band Club is an extension of the Shelby High School Band. Its "crew" is composed of juniors and seniors who have been in the band for two years and have maintained an A average in band.

The purpose of this club is to aid the activities of the band and to extend the knowledge of music beyond that received in the marching and concert bands. With these aims, the members work toward the club's goals.

The Band Club also operates the band store which supplies the students with musical equipment.

"Ready, two, three, four!" And down the field prance the Shelby High School Band's 76 members. Bedecked in black uniforms with gold capes and plumed hats, the SHS band won a superior rating at the Southeast Band Festival held in Bristol, Virginia.

Besides marching at all football games, the band represented Wake Forest at the U. of S. C. game, marched as an honor band at the Shrine Bowl, and participated in local parades.

Another side of the versatile band is presented during the concert season. At this time the band attends district and state contests and performs at concerts.

Girls' Monogram Club

The Girls' Monogram Club is open for membership to all girls lettering in varsity basketball or cheerleading. The main project for each year is the selling of football programs at all home games. The profit from this goes into the Athletic Association and is used to help buy blazers, uniforms, and equipment.

In the latter part of each school year, an athletic banquet is held and all letters, trophies, and awards are presented at this time.

Leaders of the monogram club

Leaders of the lettermen.

Stemming from the varsity sports at Shelby High is the Boy's Monogram Club. In order to qualify for membership in this organization one must have earned a "letter" in football, basketball, baseball track, golf, or tennis.

One of the main objects of this club is to keep team spirit running high and to encourage participation and sportsmanship.

Each year a ceremony is conducted in assembly in which deserving team members are presented their letters.

The most popular sport at Shelby High is football, an activity which plays a big part in promoting better school spirit.

This year the Lions, who seemed "doomed" after losing two conference games at the first of the season, proved their worth by winning the last six games. Two highlights of this winning streak were the victory over Gaffney, South Carolina's number one team, and the 61-0 win over Forest City, which set the record for the highest score of any S.H.S. team.

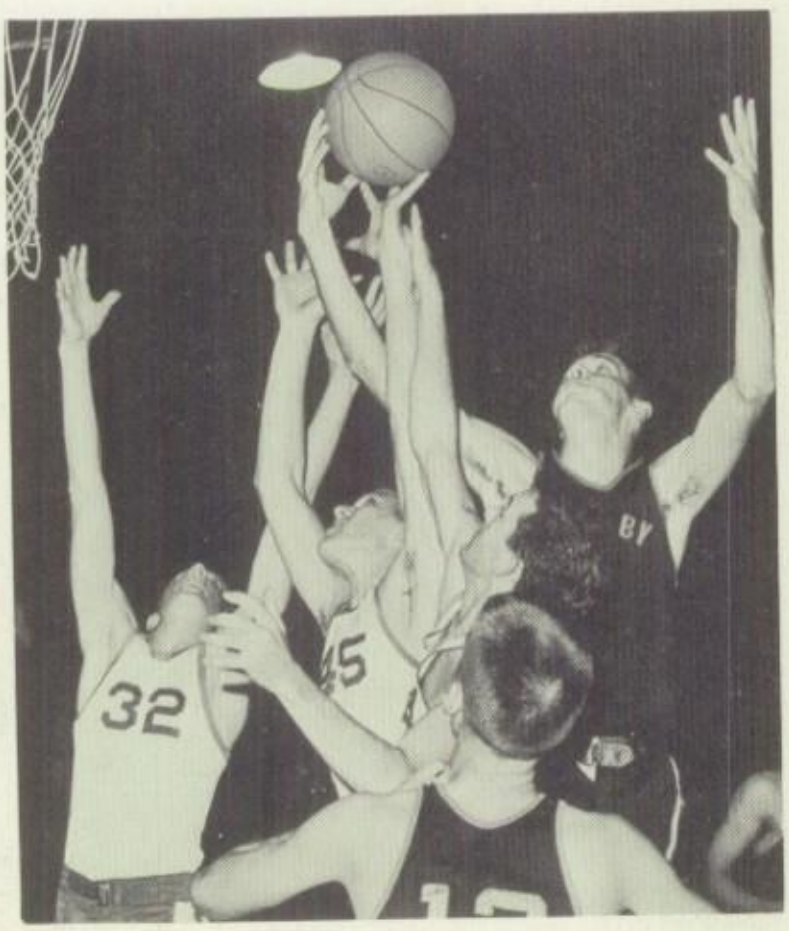
Boys' Basketball



The 1960 boys' basketball team ended last year's season by capturing the North Carolina High School Athletic Association title. The Lions lost only one game during this unforgettable season.

Coached by Mr. Lloyd Little and managed by Jerry Langley, the 1961 team practices diligently in order to repeat last season's victorious record.

1960 marked the first year in which the girls' basketball team was eligible to attend the NCHSAA Tournament. Under the direction of Mr. Ken Bumgarner, the Lionesses ranked third in the tournament.

This year there are seven senior players, who take turns acting as captains for the games. These girls played a large part in making possible the Lionesses' 1960 record of sixteen wins and six losses and will provide the experience and ability needed to boost this year's team on to victory.

As winter turned to spring, athletes at Shelby High turned from the hardwood floors of the gymnasium to the mud of the baseball diamond.

The 1960 basketball season was essentially a building year in which newcomers and inexperienced players had an opportunity to prepare for the following season.

Such a "rest" was much deserved as the team had won the association championship for the years 1958 and 1959.

Track Team

Since track was started at Shelby High by Coach Gerald Allen, it has become very popular among the "swifter" boys.

The track team performs in meets with both southwest and Northwest teams. In 1960 Shelby High won the Southwest Conference meet and went to Hickory for the district meet.

Track offers boys the opportunity to compete individually. However, each member realizes that in track, as well as in other sports, he must do his best in order to secure success for the team as a whole.

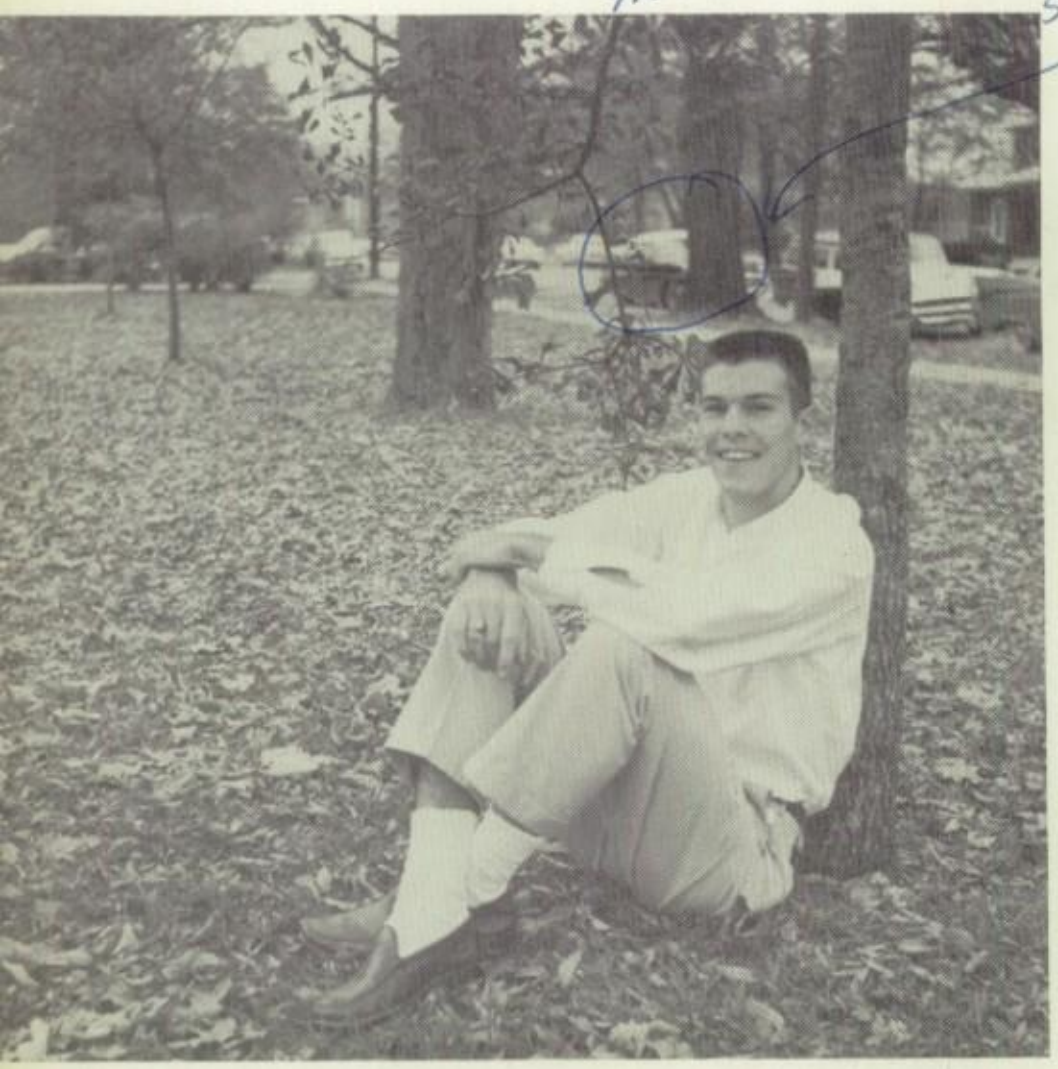
Homecoming 1960 was a "triple-treat" affair for present and past Shelby High Students. The three highlights of the event were a parade, a victorious game, and the only after-game dance of the season.

The parade was sponsored by the National Honor Society and featured three bands, floats supplied by high school organizations, and beauty decked convertibles.

The game itself was a pleasure to the Shelby spectators because of the 37-7 victory and the dazzling half-time festivies.

A dance presented by the Student Council brought a happy close to the 1960 Homecoming.

Boys' State



STEVE KENNEDY

Each summer boys from all over North Carolina meet for one week on the University campus to learn more about their government.

In the summer of 1960, Steve Kennedy, Shelby High Student Council president, was among the other delegates attending the North Carolina Boys' State.

Steve was not only well informed on the maintenance of the government but was also encouraged to seek out his own interests. Public speaking, athletics, writing, and group leadership helped provide an enjoyable and informative week for Steve and the other delegates to Boys' State.

Girls' State

Judy Dale and Diane Singleton were the Shelby High delegates to the Girls' State of 1960.

Judy and Diane joined girls from many parts of the state in learning a deeper sense of their responsibilities as citizens.

The North Carolina Girls' State is held each summer at Womans' College in Greensboro. Many activities are planned for the delegates in addition to the "Politics" of the session.

Two outstanding junior girls are chosen in the spring of every year to represent Shelby High School in Greensboro.

Being a marshal is one of the highest honors a Shelby High student can receive. The marshals are chosen by the faculty from the upper third of their class.

The duties of a marshal are to lead Seniors to their seats at graduation, and to seat the public at Community Concerts or other civic meetings.

A marshal should be neat, polite, dependable, and well poised.

Dear Bobbie,

It really has been fun all these years we've known each other. Remember Mrs. Lee's Biology class. That was a riot! This year in Typing has been fun, too. Mrs. Webb can't stand me! Ya know something, Bobbie, you're a real sweet girl. Here's hoping you have the best of everything 'cause you deserve it!

P.S. Good luck in married life!!!

Love always,

Barbara,
It has been a pleasure being in your study hall this year. We have really had some good times except when you take my name for talking. Well, thats was alright because that was your job and I know you had to carry it out.
Be nice and stay sweet.
Diane Singleton

Barbara,
I've enjoyed eating yours & Sandy's cough drops in English. Also I've had fun in English, Spa Car Washes, and light bubb sales. Good luck in the years to come.

Dear Beagle,

If anyone wants to know how you got that name, just tell them to come and ask me. I'll tell them all about the way you sniffed the path of the bunny rabbit, and finally tracked the poor creature down. (Goodie!)

As we sit here signing each other's annuals, I think back over these four enjoyable years and realize that they are the bestest. I never dreamed that I could find a friend so true. You are a really good friend, and I cherish our friendship greatly or (muchly, my word.) To be a true friend a person has to be loyal and a shaver of problems. Bless you dear! You are one, no, you are the sweetest person I know, and I have enjoyed sharing problems with you. You have always helped me when I needed it most.

Please, let's never let our friendships fade. If you don't get to go to Appalachian, I'll be lost, and you'll probably get lots of letters that you'll have to answer.

Now to the dearest friend I have, and to the nicest girl I know, I say may the world be yours.

Love always,

Sandy Panther

P.S. I hope everything goes as we want it.
P.S. She sure rabbit you track down, I want.

My Dearest ?,

How does a boy like me get the privilege of writing in such a beautiful girl's annual.

Bobbie It has been a great, more than you know, privilege to be your neighbor. Every since that rainy afternoon down at the creek, you have been in my mind, (what little I have). You have changed my life for me. Sometimes I think it wasn't for the best, but after I have time to find out my decisions I realize that it was for the best. It is almost the same everytime, J'taime. You have always thought me to be a wolf, well wolves get hooked every now and then. And if I was ever a wolf, I am a hooked wolf now. You don't have to believe it, and I think it for the best if you don't, right now anyway.

I wish I could say good luck to you married life with Jerry, but I don't think you want to marry him. If you don't want to marry him and do, well you will need all the luck you can get. That's enough of that, let me get back to you.

Barbara, you are one of the most lovable girls I know, and I know you are because I love you. I don't mean lovable to be a great big

made out. I mean up to be, sweet, kind, understanding, gentle with your friendship. You have the potential to make a great life for yourself. You need to further your education further than high school. It takes Grace into letting you go on. (That stubborn thing)

Know let me compliment you. You are the prettiest, sweetest, smartest, kindest, best builded, most brave, most stubborn girl I know. Your personality and friendly way will make you hope in anybody books. (In a way I don't like that, I'm jealous). I do wish you could go on to school, because you really do need it to get any where in this cruel selfish world of ours. I have said enough for a boy of my position, remember let's be.

Love You (always)
Don

P.S. Good luck in your married life (with me of course) Je t'aime always or until I stop (which will be never. Not now anyway - I hope I don't think to much. Be Good and May God be your guide in life.

Barbara,
What can I say?
I'm speechless! (as usually)
I've known you since the 7th grade,
that's about 5 years (if my math is correct).
We've had some good times, and of course, some bad
ones also. I'm sorry you had to go off and get yourself
hitched, but I guess your happy and that's all that matters (or
is it). You're truly one of the most talented girl I have met, and
of course, the cutest (I know flatters will get me no where but it doesn't hurt to try).
I don't know about you, but in a way I be sorry to see this year
end, but all good things have to come to an end, don't they? (Sob! Sob!)
Good luck and may God bless you and yours always in the future.

A friend always,
Curtis

Bobbie,
I've known for a while
now and I can truthfully
say it's been a pleasure. You're
a deserving girl. Good luck and
best wishes in the future. May
our friendship last many more
moons.

your friend,
Jimmie

P.S. check the picture on P. 116.

Barbara,
You are a wonder.
You are a wonderful girl. I know because your last name is Wright.
It is a very good indication. I admire you very much and
value our friendship. Remember when we went to Junior
High and I liked Bob Hartley. The only trouble was
that he liked you. That's life.
To you and may God bless you.

Sandra Wright

Bobbie, it is indeed a pleasure to have known you for the past year. I have enjoyed a lot from the friendship and I am grateful. May you have an awfully sweet life. May you be a success. Best of luck! Judge Wright

Barbara,

It has been a pleasure knowing you and sharing some of the same classes with you. Remember act - that diction Mrs. Webb gave us. I don't think I want to take any more for a long time.

Lots of luck to a sweet, cute, and nice girl.
Best of luck and lot of happiness with you know who.

Love always
Peggy McSwain Beach.
